Donor Instructions

Description: a brief descriptive phrase. Examples: German dinner for eight, triple trouble chocolate cake, computer lessons, vacation home in Paradise.

Entry for catalog: Longer explanation, both descriptive and fun to read plus giving the details. Example: A taste of Germany! Multi-course dinner starting with floret cheese strudels and ending with German semolina pudding. In between we'll have Bavarian style meatballs, rouladen rats, Spaetzle, sauerkraut, and kielbasa. Your thirst, throughout our exciting evening, will be satisfied with a variety of favorite German beverages.

Suggested minimum bid: The starting bid for your donation. This price leaves room for bids to go up - this amount is below fair market value

Number of bid units: This number only pertains to donations where more than one identical item (like a dinner) is offered to multiple bidders. Examples: (1) 6 places being bid on for dinner at your house (do not count yourself but be sure to leave room at the table!); (2) 5 jars of (same recipe) jelly; (3) 2 identical cakes (the top two bidders will each get a cake) If you are offering 25 note cards for one price, this would only be 1 bid unit.

Date and time of event:** This only applies if you are offering an event, e.g. dinner, party, baseball game, vacation house (dates the house is available).

** If too many events are scheduled on the same date, you may get a call from the committee to try to reschedule so we **do not compete** with each other.
